This collection holds my scans of the BM's Assyrian reliefs, which I created as a visitor over during several visits after being made redundant. All are created by photogrammetry using a Sony A6000 and Agisoft Photoscan Pro. No image masking applied yet, so most are very rough.

Eagle-headed protective spirit, Ni... 👁 83 💬 0 ⭐ 7

Pair of protective spirits, Nimrud 👁 69 💬 0 ⭐ 9

Panels 8-11, SW Palace Nineveh 👁 127 💬 3 ⭐ 9

Museum has a photography allowed policy, 3D scanning cannot be stopped
